DETAILED ACTION

Examiner's Statement for Reasons of Allowance

This Office Action is responsive to the amendment filed on 6/14/07. Claims 1-16 and 33-45 are pending. Claims 17-32 have been cancelled. Claims 1 and 10 have been amended. Claims 33-45 have been added.

Applicant's arguments have been fully considered and are persuasive in light of the Amendment's made to the claims. Thus the former 35 USC 103 rejections have been overcome. Specifically, Applicant's amendments to incorporate the limitation of "detecting a relative distance between a rear of one of the vehicles and a front of another of the vehicles", or "detecting a relative distance between multiple vehicles", in combination with a "radio transmitter" operatively connected to the control device of Applicant's car washing machine, inter alia, aided in overcoming the former rejection. The former Jones, Higgs, Aaron, or Ribnick references fail to teach or suggest fairly these distance detection and radio features.
